**SPEAKER PROFILE**

# David Fusco, P.E., LEED AP

ASSOCIATE PRINCIPAL  
THORNTON TOMASETTI

David Fusco is the leader of the Thornton Tomasetti Tampa office and has an extensive career in the structural design of buildings, including iconic projects such as the Florida Polytechnic and St. Pete Pier. He is now focused on forensic evaluations for buildings and bridges in addition to designing.

Mr. Fusco has worked on several significant forensic investigations including the Hard Rock Hotel collapse in New Orleans, the Emory College parking garage collapse in Atlanta, and the I4-Ultimate bridge collapse in Orlando. He also has extensive experience designing and investigating buildings with cast-in-place concrete, precast concrete, masonry, structural steel, steel joist, tilt-up panel, composite construction, and building envelope components including roofing, stucco, and EIFS. He is actively involved in professional organizations, speaks frequently at schools, and mentors high school students.

Mr. Fusco will be leading the Sarasota Design Conference Workshop titled: *Structural Connections*
